¹ Includes \$25 million to enhance the availability and quality of substance abuse treatment at community health centers by integrating qualified behavioral health and addiction specialists into this primary care setting.

² The coalition requests that funding for Title X be increased to \$700 million over five years beginning with an increase of \$76.5 million in FY11.

³ Labor HHS NIH Discretionary Budget Authority

⁴The LHHS appropriation for the Global Fund to Fight AIDS, TB and Malaria comes out of NIH's budget through a pass-through, presenting an inaccurate total amount to the NIH for research. The coalition supports the Global Fund appropriation to come out of Foreign Operations appropriations.

⁵ ABAC supports the expansion of the Teen Pregnancy Prevention Initiative to be a comprehensive education initiative that includes STD and HIV prevention.
